

GREAT TANGLEY

MANOR

A 1000-year-old Grade 1 listed Manor House on the edge of the Surrey Hills. Great Tangley Manor provides a truly historic venue with luxurious accommodation. The Manor is a large private residence which is available for exclusive use, for up to 12 guests, and provides a historic and beautiful environment for special events. Our extensive gardens set in our Victorian grounds are fully maintained and offer the perfect escape from the stresses of day to day life.

OUR HISTORY

Great Tangley Manor is a Grade I Listed property that has been a dwelling for nearly 1000 years. The Lands of Great Tangley are mentioned in the Domesday book and it is known that a house existed pre 1066. In the early 13th Century it was King John's hunting lodge. The Manor is set in extensive gardens; our Victorian grounds are fully maintained with a large lake, moat and mature specimen trees, offering the perfect escape from modern life.

Through the 13th & 14th centuries the lodge was inhabited as a Medieval Hall House. In 1582 alterations were carried out that characterise the main part of the house today and the magnificent tudor facade was added.

In 1880 Wycham Flower bought the property and commissioned Phillip Webb to extend the property, renovate the moat and redesign gardens. Early in the 19th century, after all the works had been completed, the Royal family, including King George V and Queen Mary, visited the property and signed the window of the dining room with a diamond ring. Signatures of King George VI and Edward VIII can also be seen on the dressing room windows of the master suite.

In 1976 the courtyard area was created incorporating two additional bedrooms and a large drawing room. The house was finally split into two dwellings in 1959 and has remained so ever since. Glyn and Anne Powell-Evans have lovingly restored this ancient moated manor house to include a fully refurbished kitchen and modern glass breakfast room.

LUXURIOUS LIVING IN THE HEART OF SURREY

Great Tangley Manor offers a great opportunity to stay in a historic venue but with modern day technology and home comforts. Upon arrival, the adventure begins as you cross the lawns and the wooden footbridge over the moat.

The modern kitchen with walnut storage, stainless steel fittings and granite worktops is fully equipped giving the guests the choice to self cater or organise a fully catered service. The award winning glass breakfast room overlooks the inner courtyard with its fish pond and fountains.

The magnificent dining room, which seats up to 16, is decorated with plush wine-red carpets and in rich glowing colours, that are reflected in the panelling reputed to come from ships of the Spanish Armada fleet.

The library is comfortably furnished and well stocked with interesting books and magazines, just the place for a quiet read or a cosy evening. It overlooks the lake and the walled garden. There is a large plasma television located discreetly behind false panelling.

At one end of the library is a small study equipped with a PC, board games and free wi-fi throughout the house.

The drawing room is spacious and furnished in Art Deco style with plenty of comfortable seating. French windows open on to the gardens and the courtyard.

We provide five individually styled double/twin bedrooms with plenty of wardrobe space and seating areas for relaxing, ideal for guests young and older.

The King John Master bedroom boasts a huge 6ft antique French bed, wooden beams, en-suite bathroom and personal dressing room. It has original Tudor windows looking out over a saxon garden.

FIRST FLOOR

The stunning Queen Mary room is the perfect romantic getaway with elegant furnishings and breathtaking views across the Saxon walled garden, moat and lake.

The Queen Mary and Alice Keppel bedrooms share a marble and chrome Art Deco bathroom with bath and separate shower.

The Alice Keppel bedroom, decorated in neutral shades with pine furniture, has twin/double beds recently used in the Beatrix Potter film. Perfect for our younger guests.

GROUND FLOOR

The John Evelyn bedroom is ground floor with windows looking onto the moat and gardens and French windows opening out on to the courtyard. It is elegantly decorated in cream with cane and light walnut Art Deco furniture. The beds can be twin or combined.

The two bedrooms on the ground floor share a modern oak bathroom with bath, jet shower and sound system.

The Oriental bedroom is a smaller but charming room with twin beds and antique painted furniture. There is a window looking on to the moat and a Chinese Moon window opening on to a small oriental garden.

The property is available for short term rentals on a self catering/catered basis throughout the year and can include exclusive use of our forty foot indoor heated pool and tennis court.

“The property was pristine, well-maintained and tastefully done... it is a perfect marriage between the 1000-year past and the contemporary facilities of the present. In the present world, it is seldom you get such a place to unwind and relax.”
